5 Expert TREC Application Tips to Set You Up for Success.

How Do We Know TREC So Well?

Everblue is an IREC Accredited Training & Software Provider that provides high-quality workforce solutions in the energy efficiency industry. With our extensive background and expertise in contractor training and educational technology, we fill a unique role with the implementation of Inflation Reduction Act programs like TREC. We have a long and successful history of partnering with state government agencies, nonprofits, and workforce development boards to prepare individuals for impactful careers in the energy efficiency industry.

Learn About
TREC and
the Resources
that Can Help
Maximize
Impact.

Let Us Show You What TREC Can Do (and How to Apply for It).

TREC is an amazing funding opportunity that comes with an intimidating application process (and equally confusing implementation guidelines). Everblue is an industry leader that is currently helping many States **quickly understand the ins and outs of TREC and how to best put it to use – effectively, efficiently, and effortlessly.**

Call today and we'll show you how easy it can be to start on the path to making your state's energy dreams come true.

**Applying
for TREC
is Easy
When You
Know the
Framework.**

We Have So Many Resources to Share with You.

We understand the complexities of the TREC program. So much so, that we created our own application template that state energy departments are currently using as a framework for their TREC submissions.

We also created a TREC Resource Center full of helpful info, links, and the option to schedule some personal assistance from an Everblue expert.

Call us today and let us show you a blueprint for success.

**Find Someone
Smart and
Thorough to
Review Your
Application.**

Together We'll Make Your TREC Application as Impactful as Possible.

Finished your application? Congrats! After all that work, wouldn't you feel better knowing you made your case in the most compelling way possible? As industry leaders we've been asked to review applications from many states. In some cases, all that's needed are a few helpful changes or additions. In others, we've detailed ways to improve whole sections – like using industry terminology to better make a point.

Call us today and let's make your application work as hard as possible for you.
